

Funding Spotlight:
National Fish and
Wildlife Foundation
Opportunities for
Connecticut

### Who is Team Throwe?

"Building community resilience through leadership, action, and investment"

#### What we do:

- Create sustainable investment systems
- Develop climate action plans and strategies
- Engage community leaders and stakeholders

#### Where we work:

- New England (RI, MA, Long Island Watershed)
- East Coast (Maryland, Florida)
- Nationally (NCRF, GLO Initiative)

# TE contracts as Field Liaisons, supporting NFWF by:

- Promoting NFWF programs through outreach
- Follow-up on proposals not selected for funding
- **Troubleshooting** with existing grantees

# National Coastal Resilience Fund (NCRF)

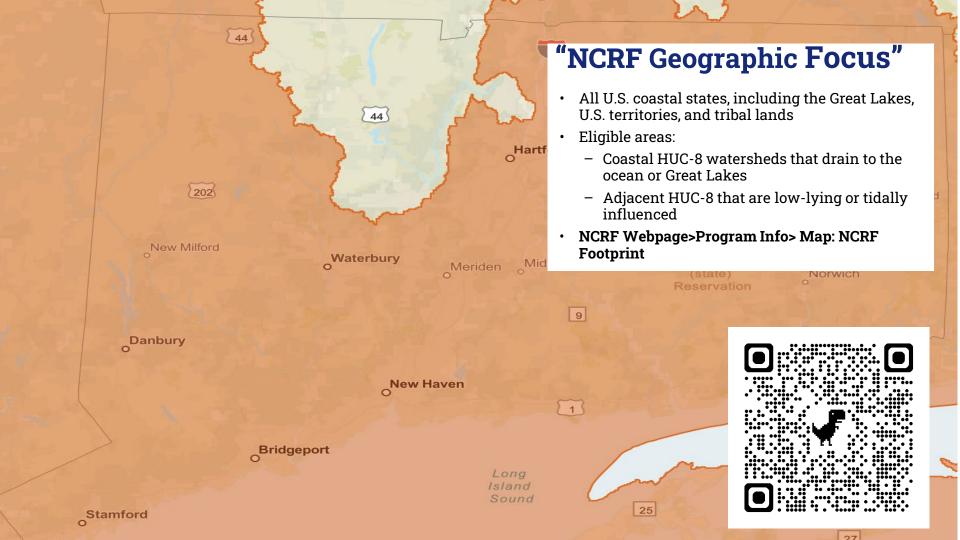

# **NCRF Program Overview**

- Administered by NFWF, est. 2018
- Supports <u>nature-based projects</u> that <u>enhance</u>
   <u>resilience of coastal communities</u> *AND* enhance
   habitat for fish and wildlife
- Federal Investment of \$139M in 2024
  - Historical federal investment averaged ~\$30-40M
- Leverages federal funding with additional private sector contributions

#### **2025 Funding Partners**

- NOAA
- US Dept. of Defense
- Shell
- Occidental

# **NCRF** Eligibility

#### **Eligible**

- State, Tribal, territorial agencies
- Local and municipal governments
- Non-profits
- Educational institutions
- For-profit organizations\*
- Semi-federal orgs./federal partnerships\*

#### **Ineligible**

- Federal agencies or employees of federal agencies
- Foreign organizations
- Foreign public entities
- Unincorporated individuals

# **NCRF Things to Note:**

## Competitive Applications **MUST**

- Invest in nature-based solutions (NBS)
- Have clear benefits to community resilience (i.e, risk reduction, reduced flooding and erosion); AND
- Have clear benefits to fish, wildlife, and habitat

# **NCRF Things to Note**

#### Other Evaluation Criteria on which projects will be evaluated:

- Meaningful community and partner engagement;
- Project scaled to address the identified problem;
- Innovative techniques or testing of pilot techniques at scale; and
- Transferability of techniques to other communities or regions.

# **NCRF Priority Categories**

1. Community Capacity Building & Planning (CCBP)

OR

2. Site Assessment & Preliminary Design (SA/PD)

OR

3. Final Design & Permitting (FD/P)

OR

4. Restoration Implementation (RI)

Planning-Level Grant

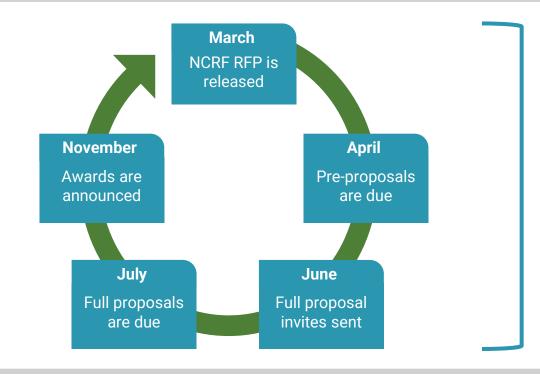

Project-Level Grants

#### **Notes:**

- Pick <u>ONE</u> priority category based on desired outcome
- Pipeline intended to prepare you for next stage

- Sally Ann Sims, NCRF Field Liaison Regional Lead (sally@throwe-environmental.com)
- Kyle Gray, Today's Presenter (<u>kyle@throwe-environmental.com</u>)

# Long Island Sound Futures Fund (LISFF)

# **LISFF Program Overview**

- Administered by NFWF, est. 2005
- Supports projects to restore and protect the health and living resources of the Long Island Sound
- Federal Investment of \$12M in 2024
- Leverages federal funding with additional private sector contributions

#### **2025 Funding Partners**

- EPA
- US FWS
- Long Island Sound Study

# **Program Priorities**

- LISFF funding priorities are guided by the Long Island Sound Comprehensive Conservation Management Plan (CCMP)
- The CCMP identifies three **themes** for LISFF funding:
  - 1. Clean Waters & Healthy Watersheds
  - 2. Thriving Habitats and Abundant Wildlife
  - 3. Sustainable and Resilient Communities

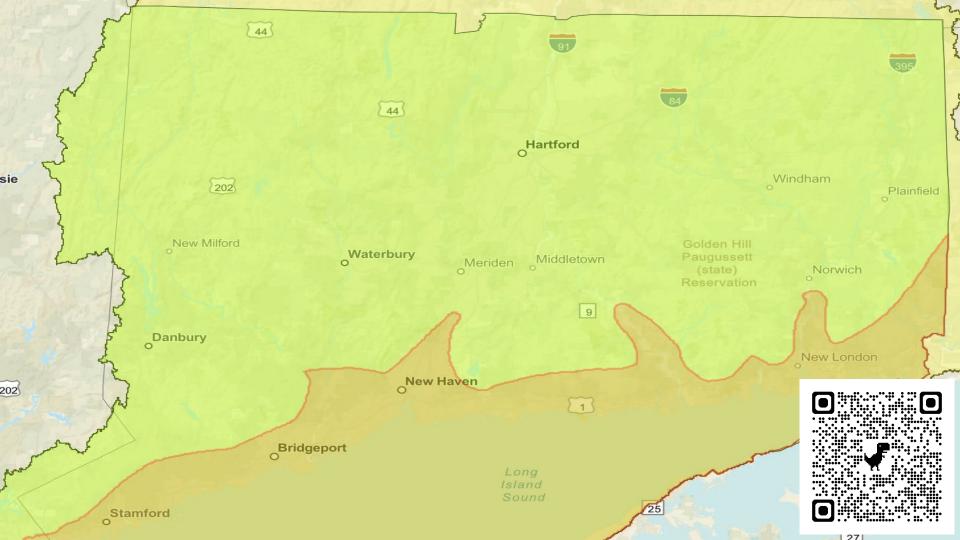

# Boundaries & Associated Project Types for Non-coastal CT & MA, VT, NH

| IF YOUR PROJECT IS IN  | YOU ARE ELIGIBLE FOR   |
|--|--|
| The Upper Basin (i.e., VT, NH, and MA portions of LIS watershed) | CCMP Theme #1: Clean Waters & Healthy Watersheds                               |
| Non-Coastal Connecticut or New York*                             | All of the above, AND  CCMP Theme #3: Sustainable and Resilient Communities    |
| Coastal Connecticut or New York*                                 | All of the above, AND  CCMP Theme #2: Thriving Habitats and Abundant Wildlife* |

<sup>\*</sup> Throwe Environmental only provides LISFF Field Liaison support for the Upper Basin and Non-Coastal CT. Applicants in New York and/or the coastal zone should contact Victoria Moreno at <a href="mailto:victoria.moreno@nfwf.org">victoria.moreno@nfwf.org</a>

# <u>CCMP Theme #1</u>. Clean Waters & Healthy Watersheds

Improve water quality by reducing nitrogen pollution, CSOs, impervious cover, stormwater and point sources of pollution

Example projects include plans for or implementation of:

- Low Impact Development/Green Infrastructure
- Wastewater treatment onsite or treatment plant retrofits
- Riparian and forested buffer and channel bank vegetation enhancement
- Stream channel reconnection to floodplains and adjacent wetlands

## **CCMP Theme #1. Clean Waters & Healthy Watersheds**

#### Example projects include plans for or implementation of:

- Replacing or right-sizing culverts
- Technical assistance to engage rural landowners and farmers in design and delivery of nitrogen prevention projects
- Addressing agricultural runoff through farm-scale conservation systems
- Implementation of regenerative agriculture practices
- Soil health practices and management systems
- Precision nutrient management systems

#### **CCMP Theme #3.** Sustainable & Resilient Communities

Support vibrant, informed, and engaged communities that use, appreciate, and help protect and sustain the Sound.

#### Example engagement and education projects:

- Public stewardship
- Cleanups
- Public access

- Social marketing campaigns
- Landscaping guidance to reduce nitrogen
- Conservation related education or instruction about LIS

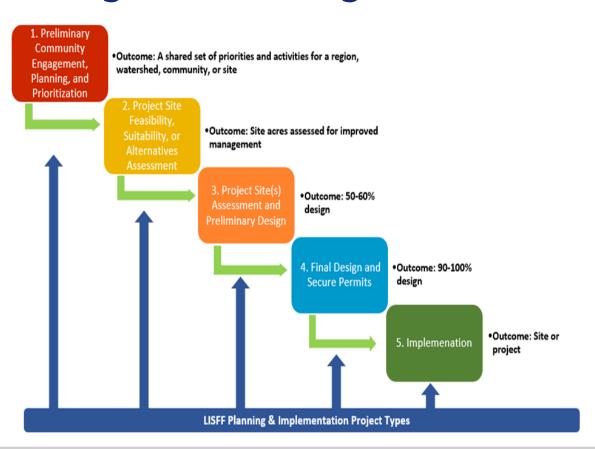

#### **CCMP Theme #3. Sustainable & Resilient Communities**

#### Example resilience projects:

- Natural infrastructure
- Green infrastructure
- Right-sizing stream-crossings or culverts
- Municipal resilience/natural hazard mitigation plans
- Technical assistance to help local communities build capacity to plan for or to implement resilience project

# **Categories & Range of Funds**

#### Design/Planning:

\$50,000-\$500,000

#### Implementation:

\$50,000-\$1.5 million

Public Participation, Education (only in

**CT and NY)**: \$50,000

to \$100,000

## **Grant Guidelines**

#### Project Performance Period:

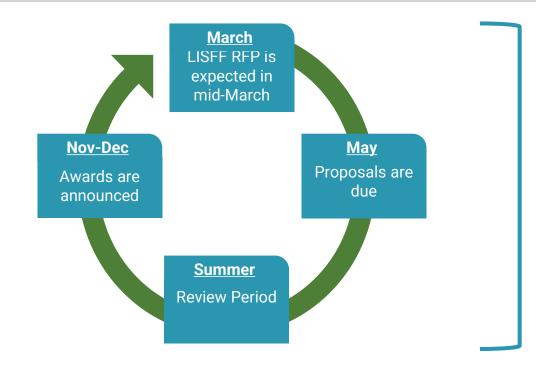

- Start w/in 6 months complete w/in 24 months after grant award
- Large-scale implementation projects start w/in 6 months & complete w/in 36 months after grant award

#### Match:

- 2024: 50% of "Requested Amount"
- Non-federal cash funds and/or in-kind services
- Examples: In-kind contributions of staff/volunteer time, materials/services donated or other tangible contributions to the project
- May be from applicant or partners
- Must be deployed during start and end date of LISFF project
